## PLAYGROUNDS

In the center of Subotica, within the park there is a playground. In it, children can have fun enjoying swings, seesaws, carousels, a cottage with slides, sand pools and many other interesting things.

Also, there is a children's playground in the immediate vicinity of the lake Palić, near the restaurant Mala Gostiona. Swings, seesaws, trolleys and other objects are made of wooden elements. If you want to see Palić in an unusual way, we recommend a train trolley tour, which runs from the Women's Lido to the sport fields in the Weekend settlement, from April to October.

## ZOO

Founded in 1949, the Palić Zoo is spread over 10 hectares of land, and its concept, beauty, landscaping and animal treatment make this Zoo one of the leaders in this part of Europe. Here, visitors can enjoy watching over 150 animal species, let the children enjoy the magic of the large playground or enjoy the baby Zoo together as a special attraction for the youngest.
