PALIĆ

Palić, jezero i istoimeno naselje, nalazi se 8 kilometara istočno od Subotice. Neobične drvene građevine sa početka 20. veka, jezero, Veliki park, mir i tišina, čine Palić jedinstvenim i odličnim mestom za odmor i uživanje.

Palić odlikuju umerena klima, velik broj sunčanih sati i povoljni vetrovi. Palićko jezero je plitko, tipično ravničarsko, ima oblik slova „L“ i dugačko je oko 17 km.

Jezero je, u prošlosti slano sa lekovitim muljem i vodom, doživelo svoj vrhunac kao banja i mondensko letovalište na prelazu 19. u 20. vek. Palić je bio ekskluzivno lečilište i ostao omiljeno odmaralište.

Palićki Veliki park predstavlja jedinstveni ambijent nastao spojem prirodnih vrednosti i arhitektonskog nasleđa. Ovo nasleđe, uz pitoreske paličke vile, čine monumentalni secesijski objekti namenjeni odmoru i uživanju: Vodotoranj, Velika terasa, Muzički paviljon i Ženski šstrand.

Danas na Paliću postoje hoteli visoke kategorije, renovirane luksuzne vile izgrađene u takozvanom Palickom stilu i mnogobrojni objekti privatnog smeštaja. Odlični restorani i kafći, sportski i rekreativni tereni, tri plaže, Zoološki vrt, biciklističke i pešačke staze, niz raznorsnih događaja, festivala i zabavnih sadržaja čine bogatu ponudu turističkog centra Palić.

PALIĆ

Palić, the lake and the settlement by the same name are 8 kilometres east of Subotica. Outstanding facilities from the beginning of the 20th century, the lake, the splendid Great park, peace and silence make Palić a unique and excellent spot for rest and relaxation.

Palić, the village, is characterized by a mild climate, a lot of sunny hours per year and favourable winds. Palić, the lake, is a shallow typical lowland-lake, it has a shape of a letter "L" and is 17 km long.

The lake, salty with curative mud and water in the past, met its climax as a spa and an elite resort at the beginning of the 20th century. Palić was an exclusive spa and remained a favourite summer resort.

The Great park, a combination of natural beauty and architectural heritage, consists of monumental buildings built for pleasure and rest: the Water-tower, the Grand Terrace, the Music Pavillion and Women's Lido.

Currently Palić provides high category hotels, regenerated luxury and comfortable villas in the so called Palić style, numerous lodgings and private accommodation facilities. Excellent restaurants and cafés, sport and recreational fields, three beaches, a Zoo, cycle-lanes, walking paths, a set of versatile events, festivals and entertainment comprise the offer of the Palić tourist centre.

ŠETNJA PALIĆEM

Kada je početkom 20. veka banja Palić obnavljana, zamisao arhitekata novih objekata bila je da u banju Palić stupite kroz grandiozan ulaz, majstorski izrezbarenu kapiju – palički **Vodotoranj**. Tu započinje šetnja, a nastavlja se glavnom alejom **Velikog parka** (1840.) On danas predstavlja jedinstveni ambijent nastao spojem prirodnih vrednosti i arhitektonskog nasleđa, koje uz spomenuti Vodotoranj, čine monumentalni objekti namenjeni odmoru i uživanju: Velika terasa, Muzički paviljon i Ženski strand (1912.). Oni su projektovani u stilu secesije, odnosno njene mađarske varijante koja je inspiraciju pronašla u folkloru, u seoskim rukotvorinama, čipkama i vezu. Autori ovih jedinstvenih objekata su arhitekti koji su u obližnjoj Subotici projektovali Gradsku kuću i Sinagogu. Pre nego što stignete do Velike terase, skrenite širokom alejom desno ka Teniskom klubu, koji je osnovan 1878. godine. Tu potražite, sakrivenu u parku, jednu od najlepših pozornica u zemlji. To je **Letnja pozornica**, izgrađena od netesanog kamena po projektu lokalnog arhitekte. Od 1950. godine ona je mesto održavanja brojnih festivala, koncerata i predstava. Odatle nije daleko **Velika terasa**. Ona je čuvena po svojoj monumentalnoj balskoj dvorani. Dve prostrane terase sa pogledom na jezeru su srce ovog objekta koji se sada nakon adaptacije ponovo rađa da bi postao veliki moderan kongresni centar i ugostiteljski objekat. Levo i desno od terase nalaze se hoteli Park i Jezero koji su podignuti još sredinom 19. veka. Ispred njih stoje čuvene keramičke **Plave vase**. Vaze sa likom Vodenog boga stigle su na Palić 1910. godine. Ovakve vase nekada su krasile i Gradski park u Beču. Od Velike terase, šetnju nastavite širokom stazom ka jezeru. Pored vas će ostati **Muzički paviljon** namenjen promenadnim koncertima koji se i danas organizuju. Na kraju šetališta koji od Vodotorjnja, kroz Veliku terasu vodi do jezera - nalazi se **Spomen česma**. Legenda kaže da je na spomeniku isklesan lik Paličke vîle, lepotice rođene iz talasa paličkog jezera. Šetnju nastavite obalom do **Ženskog stranda** koji je nekada sakrivaо kupačice od znatiželjnih pogleda a danas mami da zavirite i pogledate ovaj neobičan objekat na vodi. Nastavljajući šetnju obalom ka zapadu stižete do Vermešovih vila sagrađenih 1893. godine: **Vile Luzja i Bagojvar** (Sovin grad) i bronzane **statue Lajoša Vermeše**. Vermeš, Subotičanin, veleposednik, mecena i sportista, od 1880. do 1914. godine na Paliću je, u duhu olimpizma, organizovao sportske igre okupljajući stotine ondašnjih najboljih sportista iz skoro cele Evrope. U blizini ovih objekata nekada su se nalazili tereni za sportska takmičenja. Šetnju Palićem možete da završite ovde ili da odavde krenete u otkrivanje drugih paličkih tajni.

PALIĆ WALK

When spa Palić was rebuilt at the early twentieth century, the wish of the architects of these buildings was that visitors enter the spa Palić through a festive entrance, a masterfully carved gate – the **Water-tower**. The Palić walk starts here. Now continue the walk through the main alley of the **Great park** (1840) which is a unique combination of natural and architectural heritage. With already mentioned Water-tower, this architectural heritage consists of monumental buildings designed for rest and enjoyment and they are: the Grand terrace, the Music Pavillion and the Women's lido (1912). They were designed in the style of Hungarian Art Nouveau which had found inspiration in folklore, handicraft and lace. The authors of these unique buildings were the same architects who designed the City hall and the Synagogue in the nearby Subotica. Before you get to the Grand terrace, turn right into the wide alley which leads to the Tennis club that was founded back in 1878. Here, look for one of the most beautiful **Summer stage** in the country, that lies hidden in the park. It was built from non-carved stone and it was designed by a local architect. Since 1950, many festivals, concerts and performances have been held here. **Grand Terrace** was famous for it's monumental dance hall. Two spacious terraces with a lake view are the main feature of the building. It is being re-adapted into a large and modern conference centre and a restaurant. Hotels Park and Jezero are located on the left and on the right from the **Grand terrace**. The hotels were built in the mid-nineteenth century. In front of them are standing two famous ceramic **Blue vases**. The vases, with the image of a Water-God, arrived as a gift in 1910. This type of vases used to adorn the Vienna City park. From the Grand terrace, continue your walk following the wide path to the lake. You will pass the **Music Pavillion** which was used and is still being used for concerts. At the end of the promenade, which leads from the Water-tower, through the Grand terrace, leading to the lake – stands the **Memorial fountain**. Legend says that the image curved on the Memorial fountain is the image of Palić fairy, the beauty born out of the waves of the Palić lake. Continue your walk down the lake-shore to the **Women's Lido**. It was built to hide female bathers from inquisitive eyes. Today it lures you to take a look at this interesting structure on the water. If you continue your walk westbound you will reach Vermes's villas: **Villa Lujza** and **Bagojvar** (the Owl city) built in 1893. Here you will also see a bronze **Statue of Lajos Vermes**. He was born in Subotica and he was a landowner, a benefactor and an athlete. From 1880 to 1914 he organized sports competitions in Palić, which were in the spirit of the Olympic Games. He gathered hundreds of the best athletes from all over the Europe. In the vicinity of these villas, there were sport courts for different sports events. Palić walk can end here but also, from here you can start discovering other Palić secrets.
