GRAD SECESIJE

Gradska kuća, Sinagoga, Rajhlova palata i desetine drugih atraktivnih objekata, svrstali su Suboticu među značajnije secesijske gradove u Evropi. Razuzdane, nesputane forme, pune zaobljenih linija i valovitih poteza, neobične kombinacije boja umesto monotonog sivila fasada - prvo su što turista primeti kada dođe u Subotici.

Ovaj umetnički pravac ili stil, postojao je u različitim zemljama, pod različitim imenima: Art Nouveau, Jugendstil, Modernismo, Liberty Style.... Ovde, izuzetan i specifičan, nosi naziv secesija ili mađarski "szecesszio".

Dok se u Subotici jedna struja arhitekata okrenula evropskim centrima kao što su Beč, Minhen ili Darmštat, druga dominantnija se okrenula nacionalnoj, mađarskoj varijanti secesije. Mada su građevine inspirisane evropskim uticajem brojnije, mađarska varijanta sa tek nekoliko primera, ali izuzetnih po lokaciji, veličini i nameni dominira gradom i doprinosi da Subotica ponese naziv grada secesije. Secesija je bila popularna na prekretnici vekova a u Subotici od 1893. do 1913.godine. To je bio period mira i ekonomskog napretka.

ART NOUVEAU CITY

The City Hall, the Synagogue, the Raichle Palace and dozens of other attractive properties, have placed Subotica among the most significant Art Nouveau cities in Europe. Unrestrained forms, full of flowing lines and undulating moves, and unusual color combinations instead of monotonous gray facades, are what tourists first notice when they come to Subotica.

The art movement and style, which is known under different names in different countries: Art Nouveau, Jugendstil, Modernismo, Liberty Style.... here, remarkable and specific, is named "secesija" or in Hungarian, "szecesszió".

In Subotica, one stream of architecture was influenced by European cities such as Vienna, Munich and Darmstadt, the other turned to the national, Hungarian Art Nouveau. Although the architecture of the city is inspired by numerous European influences, with only a few examples of the Hungarian variation of the style, their exceptional location, size and purpose - means they dominate the city and give Subotica the name the city of Art Nouveau.

Art Nouveau was popular in Subotica from 1893 to 1913. It was a period of peace and economic prosperity.

1 GRADSKA KUĆA

Gradska kuća, centar i simbol Subotice, sagrađena je u periodu između 1908. i 1912. godine. Visoka je 76m i zauzima površinu od 5838 m². Projektovali su je Komor i Jakab, poznati budimpeštanski arhitekti. Dekorativnost secesije ovde je obogaćena romantičarskom notom mađarskog folklora, kroz šare stilizovanih cvetova, cvetnog nakita od keramike i kovanog gvožđa. Srce Gradske kuće čini Velika većnica sa raskošnim vitražima. Ona se koristi za zasedanja Skupštine, koncerte, venčanja i važne skupove. Danas, kao i u prošlosti, u Gradskoj kući se nalaze Gradska uprava, Istarski arhiv, butici i banke. Vidikovac na tornju Gradske kuće visok je 45 m i sa njega se pruža nezaboravan pogled na Suboticu i njenu okolinu.

Vreme posete za individualne turiste:

Utorak - Subota: u 12h

Polazna tačka: svečani ulaz Gradske kuće

Cena ulaznice:

150 RSD - Velika većnica, 150 RSD - vidikovac

CITY HALL

The City hall, the centre and the symbol of Subotica, was built between 1908 and 1912. It is 76m high and covers an area of 5838 m². It was designed by Komor and Jakab, the renowned Budapest architects. The decorative features of Art Nouveau are enriched with a romantic nuance of the Hungarian folklore, by floral elements made of ceramics and wrought ironwork forging.

The Council hall and its splendid stained glass windows are the heart of the building. It is being used for the Assembly sessions, concerts, weddings and important gatherings.

Likewise in the past, the City hall hosts city administration, the Historical archives, boutiques and banks. City Hall's 45 m high observatory provides an unforgettable sight of Subotica and its outskirts.

4 SINAGOGA

Sagrađena 1902. godine, sinagoga je jedna od najlepših postojecih primera sakralne arhitekture secesije u Evropi. Centralna kupola sinagoge je visoka 40 metara. U prizemlju je bilo 850 mesta za muškarce i 550 za žene na galeriji. Sinagoga je ukrašena stilizovanim laticama lala, karanfila i paunovog perja. Smelih i modernih arhitektonskih rešenja - savršeni je sklad konstrukcije i dekoracije. Zanimljivo je da je unutrašnjost hrama projektovana kao sjajno i vedro mesto, jer cilj arhitekata nije bio da zastraši vernike, već da blistavom harmonijom boja u vernicima probudi osećanje radosti.

Vreme posete:

Utorak - Petak: 10h - 18h
Subota - Nedelja: 10h - 14h

Cena ulaznice:

250 RSD za individualne turiste,
150 RSD za grupe

SYNAGOGUE

Built in 1902, it is one of the finest surviving pieces of religious architecture in the Art Nouveau style in Europe. The central dome of the synagogue is 40 metres high. There were 850 seats for men on the ground floor and 550 for women on the gallery. It is decorated by stylized tulips, carnations and peacock feathers that are typical for the Hungarian version of the style. The interior of the temple still flairs with harmony of colours, brightness and liveliness as architects' goal was not to make believers feel timid but to arouse the feeling of joy. With daring and modern architectural solutions, it perfectly harmonizes structure and decoration.

Opening hours:

Tuesday - Friday: 10h - 18h
Saturday - Sunday: 10h - 14h

Motiv srca bilo da je izveden u keramici, murano mozaicima, od kovanog gvožđa, u duborezu ili štukaturi - uvek je predstavljen na nov i originalan način. Danas se ovde nalazi Savremena galerija Subotica.

ISTORIJA

Subotica se prvi put помиње u pisanim dokumentima pod imenom Zabatka 1391. godine. Od tada je promenila više od 200 imena, od kojih su najkarakterističnija bila: Szent-Maria, Maria Theresiopolis, Marija Theresienstadt, Szabadka i Subotica.

Dugo vremena je Subotica bila na granici dve moćne imperije, Mađarske i Turske. Ona je počela da se razvija tek nakon što je izgubila svoj vojni značaj. Subotica je 1779. godine dobila status Slobodnog kraljevskog grada, koji joj je doneo veću autonomiju i privilegije i tada počinje da privlači preduzetnike, seljake, zanatlige i trgovce sa severa i juga. U drugoj polovini 19. veka, nakon dolaska železnice, trgovina poljoprivrednim i stočarskim proizvodima je naglo počela da se razvija. Industrijalizacija je počela krajem 19. veka i tada Subotica postaje moderan srednjeevropski grad.

Nakon Prvog svetskog rata, Trianonskim sporazumom region Vojvodina se prisajedinjuje Kraljevini Srba, Hrvata i Slovenaca koja 1929. godine postaje Kraljevina Jugoslavija. Od tada Subotica nije menjala ime, ali nazine države jeste – čak pet puta. Tokom Drugog svetskog rata Subotica je proživila strašne dane, kao i ostatak Evrope. Nakon toga je sledila rekonstrukcija zemlje i privredni rast koji je trajao sve do turbulentnih 90-tih godina 20. veka.

HISTORY

Subotica was, for the first time, mentioned in written documents in 1391 as Zabatka. Since then it has changed more than 200 names. The most characteristic names were: Szent- María, Maria Theresiopolis, María Theresienstadt, Szabadka and Subotica.

For a long time, at the border of the two clashed powers, Hungarian and Turkish, the settlement did not grow. Subotica began to develop as a town only after it had lost its military significance. In 1779 Subotica got the status of the Free Royal City that brought greater autonomy and privileges to the town and also attracted entrepreneurs: craftsmen and traders from the north and the south. In the second half of the 19th century, after the railway came to the town, the trade of agricultural and cattle products abruptly developed. The industrialization came into the town at the end of the 19th century when Subotica became a modern Middle European city.

After World War I and the Treaty of Trianon, Vojvodina was united with the Kingdom of Serbs, Croats and Slovenians that became the Kingdom of Yugoslavia. Since then Subotica has not changed its name but the country has – five times. During the World War II, Subotica shared the ill fate as the rest of the Europe. Reconstruction of the country and economic growth followed till the turbulent times in the 90s.

← PRAVOSLAVNA CRKVA

SERB-ORTHODOX CHURCH

The baroque church was built on the highest part of the old town in 1726. In 1910, the new tower and the new iconostasis were added. The Church is dedicated to the Holy Ascension.

CATHEDRAL

The Cathedral was built in late baroque style and is dedicated to the patron saint of Subotica, St. Theresa of Avila, whose figure appears in the city's coat-of-arms as well. The cathedral was built in 1779 and has been renovated several times since then. In 1974, the Pope awarded the church with the title of a smaller basilica.

PICERIJE I PIZZERIAS

BOSS

Boss je jedno od omiljenih mesta za izlazak u Subotici. Odlična usluga, topao ambijent i dobra atmosfera u senci secesijske palate, kao i veliki izbor kvalitetne hrane i širok spektar pića – čini Boss mestom koje ne smete propustiti.

Boss is the favourite place for going out in Subotica. Excellent service, warm ambience and friendly atmosphere in the shadows of Art Nouveau palace, a large selection of quality food and a wide range of drinks - makes Boss place you shouldn't miss.

DENIS

Maštovita ponuda, uglavnom italijanske kuhinje sa dobrom izborom vina, dopunjena estetskim doživljajem savremeno dizajniranog enterijera i jedinstvene letnje terase, čine ovo mesto omiljenim za ručak, večeru ili jednostavno pauzu za kafu sa prijateljima.

D5 Braće Radića 24, +381 (0) 24 551 155, www.denispizzeria.com

Imaginative cuisine, mainly Italian, with a good selection of wines, complemented by the aesthetic experience of modern interior design and unique summer terrace make it a favourite place for lunch, dinner or simply a coffee break with a friend.

STARÀ PIZZERIA

Osnovana 1977. godine ova picerija je najstarija picerija u Srbiji. Kompletan enterijer je kombinacija starog i novog ali još uvek podseća na duh prošlih vremena. Ovdje možete uživati u italijanskoj i meksičkoj kuhinji, kao i u živoj svirci raznih bendova iz regiona, koji nastupaju svakog četvrtka.

B5 Matije Korvina 5, +381 (0) 24 551 835, www.starapicerija.rs

Established in 1977 this pizzeria is the oldest pizzeria in Serbia. The complete interior is combination of something old and something new and yet it reminds of the spirit of past times. Here you can enjoy the Mexican and Italian cuisine and various bands from the region who perform every Thursday.

PALIĆ

Palić, jezero i naselje istog imena, nalazi se 8 kilometara istočno od Subotice. Ono uvek nudi nešto novo i neponovljivo, a svake sezone su sadržaji na Paliću sve bogatiji. Izvanredni objekti sa početka 20. veka (Vodotoranj, Velika terasa, Ženski šstrand i Muzički paviljon), prelep park, prepoznatljivo jezero kao i mir i tišina, čine Palić idealnim prostorom za odmor i uživanje.

Trenutno na Paliću gosti mogu odseći u hotelima visoke kategorije, renoviranim luksuznim vilama izgrađenim u takozvanom Palićkom stilu ili brojnim objektima privatnog smeštaja. Odlični restorani i kafići, sportski i rekreativni tereni, tri plaže, termalni bazen, Zoološki vrt, biciklističke i pešačke staze, niz raznovrsnih događaja, dinamičan kulturni život, mogućnosti zabave i dodatni sadržaji upotpunjuju ponudu turističkog centra Palić.

PALIĆ

Palić, the lake and the settlement by the same name are 8 kilometres east of Subotica. Palić offers something new, unrepeatable and enriching at any season. Outstanding facilities from the beginning of the 20th century: the Water Tower, the Grand Terrace, the Women's Lido and the Music Pavilion, the splendid park, the well-known lake, peace and silence make Palić an ideal space for rest and relaxation. Currently Palić provides high category hotels, regenerated luxury and comfortable villas in the so called Palić style, several lodgings and private boarding houses.

Excellent restaurants and cafés, sport and recreational fields, three arranged beaches, a thermal pool, a Zoo, cycle lanes, walking paths, a set of versatile events, dynamic cultural life and entertainment possibilities and contents comprise the comprehensive offer of the Palić tourist centre.

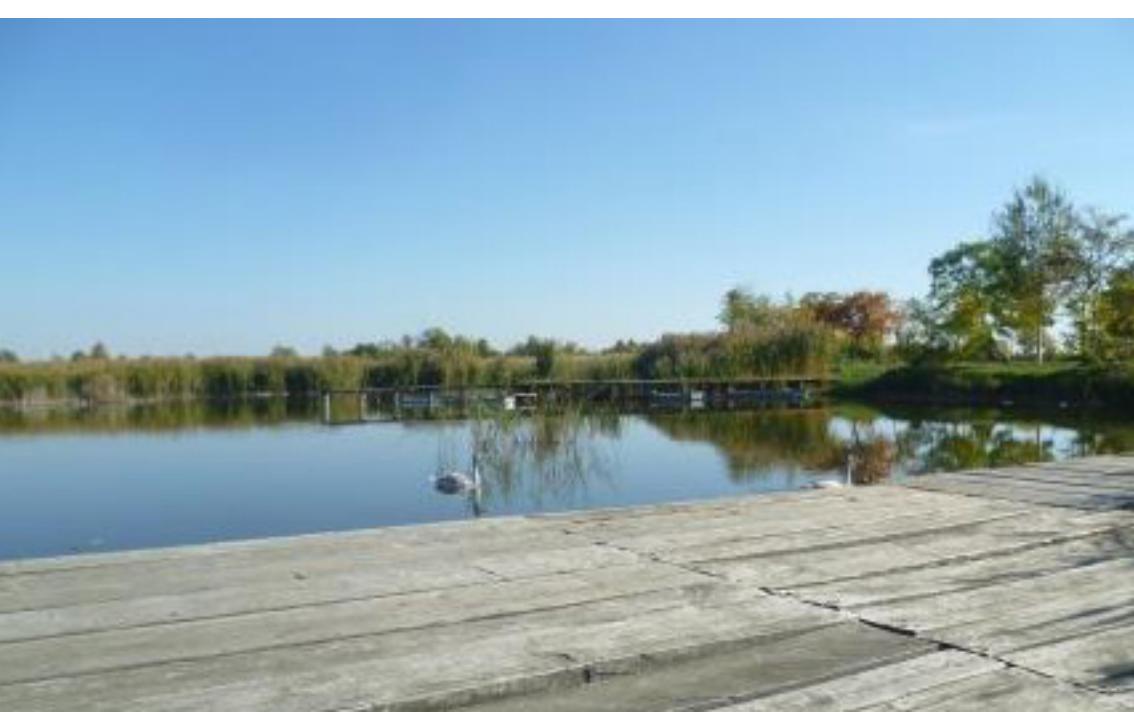

SPECIJALNI REZERVAT PRIRODE - JEZERO LUDAŠ

Dvanaest kilometara istočno od Subotice nalazi se selo Hajdukovo i Specijalni rezervat prirode Ludaško jezero. Jezero i močvarne zajedno sa Selevenjskom pustarom su izuzetno bogate najrazličitijim vrstama ptica i istovremeno je to područje koje je stanište retkih i ugroženih biljaka i životinja. Postoje četiri (od 700 m do 5500 m duge) edukativne staze, koje kreću od modernog Vizitorskog centra koji se nalazi na severnoj obali jezera. Posmatranje ptica se organizuje od aprila do septembra. Pored Vizitorskog centra nalazi se i Sunjog čarda, u kojoj posetioci od maja do oktobra mogu da uživaju u ribljim specijalitetima. Ako krenete istočno, naići ćete na sto godina staru seosku kuću, koja ima zanimljivu etnografsku, prirodnu i arheološku kolekciju predmeta nađenih u blizini jezera. To je Rokin salaš. Posete se mogu organizovati od sredine aprila do kraja oktobra. Uz južni obod jezera, nedaleko od Palića, nalazi se konjički centar Furioso.

LUDAŠ LAKE SPECIAL NATURE RESERVE

Twelve kilometres eastbound from Subotica lies Hajdukovo village and the Ludaš lake Special nature reserve - a listed bird sanctuary. It covers the lake and the wetlands around it and together with the Selevenjska pustara listed sanctuary makes an area rich in bird species and habitats of rare and endangered plants and animals. There are four (from 700 to 5500 m long) educational paths starting from the modern Ludaš Visitors' centre, that is on the northern bank of the lake.

From April till September birdwatching can be organized here. Next to the Visitors' Centre is a restaurant, the Sunjog čarda. Here, visitors are awaited with excellent fish specialities from May to October. Heading East along the lake a hundred-year old farmhouse (that hosts an interesting ethnographic, natural and archeological collection of items found in the vicinity of the lake) can be reached. It is the Róka farm. Visits may be organized from mid April till the end of October. Further south, not far from Palić, lies the Furioso horsing centre.
